Gravity Industries designs, builds, and flies Jet Suits, pioneering a new era of human flight. The company, which is scaling towards an International Race Series, was founded to challenge perceived boundaries in human aviation and to inspire others to dare to ask “What if?”

Mountain Horse Solutions is the exclusive supplier of Gravity Jet Suits to U.S. Federal, State, and Local Government Agencies. Contact us for more information.

Founder and Chief Test Pilot, Richard Browning, leveraged cutting-edge technology to reimagine human flight, forging an elegant partnership between mind, body, and machine. This vision led to the creation of the world’s first patented Jet Suit.

From defining a new era in human aviation to pioneering developments in technology and engineering, Gravity’s relentless drive for progress runs through every aspect of the business. Augmenting the body and mind with a suite of patented technologies to enable unparalleled human flight, is just one way Gravity has achieved the groundbreaking success being witnessed today.
